

Fenimore Landfill Update

Tuesday, September 10, 2013

Landfill Site Work

During all hours of testing operations, stringent protocols are being followed and highly trained personnel are on site. The thermal oxidizer is being run intermittently so that DEP and our contractors can modify the operation of the equipment to run more efficiently and reduce the smoke. Testing of the gas collection and treatment system is continuing.

Air Monitoring

The five H₂S air monitoring stations will continue to operate 24/7 and the data is telemetered to DEP for review.

A Look Ahead

The scrubber is being ordered. Testing of the gas collection and treatment system will continue. Work also continues to bring gas, water, and electricity to the landfill for equipment operations.

Fenimore Call Center

DEP has established a call center to assist with resident questions. If you wish to file an odor complaint, call 1-877-WARN-DEP, 24/7. If you wish to ask questions without filing an odor complaint, call DEP at (609) 341-2875 during regular business hours (9:00 a.m. – 5:00 p.m., Monday through Friday). On weekends and evenings and holidays, callers can leave a message and their call will be returned the next business day. You may email questions to RoxburyTwpFenimoreQuestions@dep.state.nj.us.
