

## **Fenimore Landfill Update**

Saturday, September 28 – Monday, September 30, 2013

### **Landfill Site Work**

The interim scrubber has been connected to the oxidizer in preparation for testing. Water tanks necessary for the operation of the scrubber have been brought to the site. Site preparation work for the custom scrubber continues. Work to connect utilities is ongoing. Off-site construction of the custom scrubber continues.

### **Air Monitoring**

The five H<sub>2</sub>S air monitoring stations will continue to operate 24/7. The data is telemetered to DEP for review. In addition, the town's contractor, Emilcott, is developing a detailed plan that includes location of four more H<sub>2</sub>S monitors and a schedule for their installation.

In anticipation of beginning testing of the interim scrubber, three SO<sub>2</sub> monitors were set up in "mini-shelters" at the Vanover Well House, Lazarus Pump House, and Ledgewood Pond. All are running and communicating data back to DEP.

### **A Look Ahead**

DEP plans to test the interim scrubber over the next several days. There will likely be visible water vapor (steam) coming from the scrubber. During all testing, stringent protocols will be followed, highly trained personnel will be present, and additional air monitoring will be conducted.

Site preparations continue for the custom scrubber, which is being fabricated offsite.

Work continues to bring water and electric utilities to the landfill for equipment operations.

### **Fenimore Call Center**

DEP has established a call center to assist with resident questions. If you wish to file an odor complaint, call 1-877-WARN-DEP, 24/7. If you wish to ask questions without filing an odor complaint, call DEP at (609) 341-2875 during regular business hours (9:00 a.m. – 5:00 p.m., Monday through Friday). On weekends and evenings and holidays, callers can leave a message and their call will be returned. Questions may also be emailed to [RoxburyTwpFenimoreQuestions@dep.state.nj.us](mailto:RoxburyTwpFenimoreQuestions@dep.state.nj.us).
