## Roxbury Mayor and Council set to release independent report on Fenimore

**Roxbury, N.J.** – The Roxbury Mayor and Township Council plan to publicly release the Township’s independent report on the remediation of the Fenimore landfill on Wednesday, April 9, 2014. A public meeting on the report will be held on the following Tuesday, April 15, 2014, during a Township Council meeting.

“We had hoped to obtain additional information for the report from testing the soil at the landfill,” said Mayor Jim Rilee. “Unfortunately, our attempt to force the New Jersey Department of Environmental Protection (DEP) to allow us to take soil samples from wells being dug at Fenimore was denied by the State Superior Court.”

The Township’s independent report was prepared for the Township by Maser Consulting and is based on the information currently available about the landfill site. It will be made public by posting it on the Township’s website on April 9.

“Given the ruling by the State Superior Court, the best course of action now is to release the document and allow residents to review the findings of the independent report,” Rilee said.

The meeting to review the report will be held at 7:30 p.m. on April 15 in the gym at Horseshoe Lake, 72 Eyland Ave, Succasunna. Also, starting at 6:00 pm the Township will be having an informational center about the landfill. The display will be from 6:00 pm until 7:30 pm in the Senior Center at Horseshoe Lake.
