ROXBURY TOWNSHIP WATER DEPARTMENT

WATER SYSTEM FLUSHING SCHEDULE

This notification is to inform you that the Roxbury Township Water Department personnel will be performing routine flushing of our water system throughout portions of the Township and within the area of the Borough of Mt. Arlington served by the Roxbury Township water system. Flushing helps to ensure that high quality water service is maintained and allows us to test the fire hydrants. During the flushing you may experience reduced pressure or a discoloration of the water. If the water is discolored, run the cold water faucet until the water becomes clear. Kindly refrain from doing laundry during any time of discolored water.

Should you have any issues during the flushing period, contact the Water Department at (973) 398-2818. We apologize for any inconvenience this necessary maintenance may cause and thank you for your understanding.

Following is the hydrant schedule, weather permitting. Work will be performed during normal business hours, Monday – Friday 7:00 AM – 3:30 PM.

<u>WEEK OF</u>	<u>GENERAL AREA</u>
